

Volunteers Needed for Big Canyon Restoration

Enjoy natural open space while helping to plant native habitat.

Special Volunteer Event:

Saturday, January 18

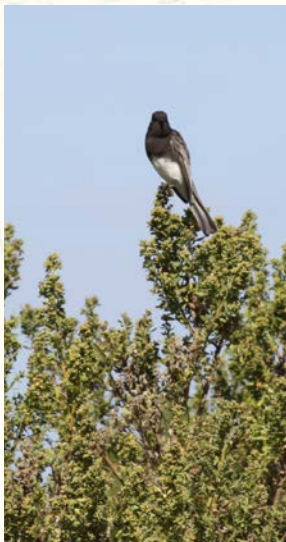

9:00 am - Noon

*Regular Volunteer Restoration Activities
Held the 2nd Thursday of Each Month*

Volunteers are needed to help restore native habitat in Big Canyon. On behalf of the City of Newport Beach, staff and volunteers from Irvine Ranch Conservancy, Newport Bay Conservancy and California Coastal Commission will work with community members to plant native seedlings and seeds along the Big Canyon trail loop.

Help support local wildlife by bringing native plants back to Big Canyon. Volunteering for even one day can help make a big impact in Big Canyon.

These volunteer activities are open to participants ages 14 and over — minors must be accompanied by a parent or guardian. No prior experience is necessary — all training and tools are provided. More information and registration is available at www.LetsGoOutside.org/activities.

Online pre-registration is required to help us plan for adequate tools and supplies:
